ABSTRACT

Over 100 listings comprise this general bibliography on politics and government. The bulk of the documents provide current information dating from 1974 through 1975 and are commercially published books, reports, bulletins, and papers on the role of the government, elections, local government, and political decision making of the government as an administrative body. The citations are alphabetized by author and include the title, date, number of pages, price, and availability. An author and title index and a list of some publishers' addresses conclude the document. (JR)
